

EST. 1986 · EDIBLE OILS & SPECIALTY IMPORTS

Brand & Digital Program Work Summary

A complete record of the brand identity, product branding, sales enablement and digital work produced for Enroute Imports Inc.

PREPARED FOR

Enroute Imports Inc.

DATE

June 2026

SCOPE

6 Deliverables

PRESENTED BY

RFG MGMT SERVICES

A brand built end-to-end

Over the course of this engagement we developed Enroute Imports Inc. from the ground up — defining its corporate identity, branding its flagship product line, building the sales materials to take it to market, and launching a digital presence to match.

JUN 8, 2026

Pranzo brand board & sales deck V2

Product brand system and Edible Oils sales deck delivered

JUN 11, 2026

Logo options V4 & website launch

Final logo refinements and live brand-aligned website

The Enroute logo system

The identity centers on a confident geometric “E” — three bars stepping forward to signal movement, import and momentum — paired with a clean, authoritative wordmark. We explored the mark across four iterations and a full range of brand colors and backgrounds to guarantee it performs everywhere.

Logo Proposals -V2

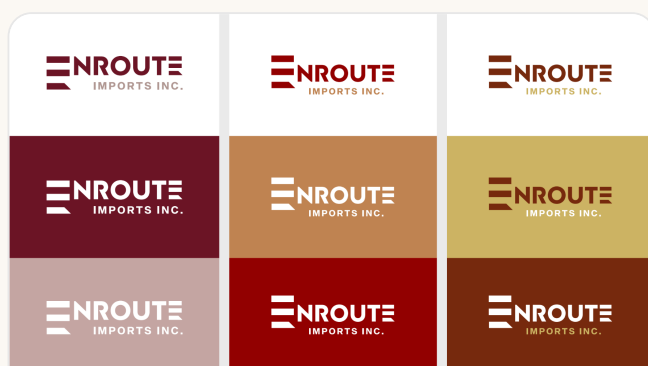

ENROUTE IMPORTS INC

This document presents the logo proposals developed for the company’s rebranding initiative. The concepts are designed to support a refreshed identity and align with the brand’s strategic vision.

Final application set

[OPEN ↗](#)

Four documented rounds of iteration — from the first proposals through final color application — gave Enroute a flexible identity that holds up in crimson, gold, mono and reversed treatments alike.

Pranzo — a perfect blend

For Enroute's flagship edible-oil line we created **Pranzo**, a complete product brand: logo, tagline, positioning, color palette and typography — captured in a single brand board ready to drive packaging and marketing.

“Good on the inside. Crafted for sharing.” Pranzo blends the finest canola and extra-virgin olive oils — 0% cholesterol, 0 trans fats — positioned to bring quality and trust to everyday meals.

Edible Oils sales deck

A polished, on-brand sales deck built to open doors across the Bermuda and Caribbean markets — taking buyers from category opportunity through to the Enroute & Pranzo product story. Delivered across two full design iterations.

What's inside

- Branded cover & market framing (Bermuda · Caribbean)
- Edible-oils category & opportunity
- Enroute & Pranzo product storytelling
- Consistent crimson & gold visual system

A website to match the brand

To give Enroute a credible digital home, we designed and deployed a responsive marketing website — carrying the crimson & gold identity across the homepage, product range, brand stories, nutrition and contact pages. The hero positions Enroute as a trusted edible-oil partner with **38+ years of excellence** since 1986.

Built & delivered

- Home, Products, Brands, Nutrition, About & Contact
- Brand-aligned crimson + gold palette, Poppins type
- Showcases the Pranzo & Voil premium range
- Responsive layouts with motion & deployed live on Railway
